**About Performance Mix Festival**

In 1986 New Dance Alliance (NDA) created the Performance Mix series now known as the Performance Mix Festival to advance emerging methods, techniques, and trends of innovative dance. Of the many dance festivals in New York, NDA's Mix stands alone in its commitment to: 1) offering artists comprehensive career and artistic development support; 2) presenting risk-taking art by emerging and established artists at a critical experimental phase of their development; and 3) providing programming for audiences interested in the creative process of experimental dance and performance. The festival has grown to include artists from around the globe, including South Africa, Canada, Europe, and South America. Director Karen Bernard has been invited to many festivals across Canada and Europe, forming relationships that have broadened her curatorial process and widened the festival's scope. By bringing her expansive awareness of culture into an intimate setting, Bernard cultivates an important sharing of creativity internationally.
